Key facts:

- Celsius began asset liquidation on December 16
- 115,000 ETH was received in the period December 16 Dec - March 21
- Celsius received 121,000 ETH in the period March 22 - May 11
- So far, we could 225,000 ETH in withdrawal from this period - all received in the past 24 hours. The total amount received at Celsius USD on May 11.
- That leaves a shortfall of 90,000 ETH.
- The total Celsius withdrawal from the period in the form of ETH has now been paid to Axiom.

Jason Perman	2022-05-12 07:48:36.787 PM
The amount of time we spend safeguarding it for our ceo to try and blow it up on a trade he clearly doesn't even understand	
Kai Tang	2022-05-12 07:50:10.057 PM
it blows my mind that we still dont have a clear sense of our overall exposures by coin.	
Jason Perman	2022-05-12 07:50:24.593 PM
